EXPERIENCE

Gemba Group, Curitiba

Full Stack Developer

Jun 2023 ~ Oct 2025

- Worked on migrating a B2B SaaS platform to multi-tenant architecture using Laravel, reducing application processing, file size and thus reducing cloud cost;
- Participated on a product market research roadmap, leading to developing new sets of features such as gamification, student learning journey and analytics resulting in better user experience and engagement;
- Worked on database solutions to sync shared data between instances and periodically populate company's newly created BI data pool, cutting time spent on routine tasks;

PHP / Laravel / MySQL / Javascript / nginx / Linux / Bash

Front-End Developer

Dec 2021 ~ May 2023

- Worked on re implementing application UI with user set custom colors, using Bootstrap and custom css ruling;
- Migrated legacy project UI to reactive interfaces with Livewire and Alpine.js, reducing page reloads and improving user retention through seamless navigation;
- Enhanced user consistency and developer efficiency by co-implementing a shared design system, streamlining the handoff from design to code;

Livewire / Alpine.js / Blade / Bootstrap / Javascript / HTML / CSS / git

Herospark, Curitiba

Technical Analyst

Mar 2017 ~ Nov 2021

- Responsible for sorting client stories as problems and bug reports.
- Developed web solutions for enterprise customers related to data reports and automation through spreadsheets and company products.
- Implemented custom features on main SaaS product built on Ruby On Rails

Linux / Ruby On Rails / MongoDB / Google Apps script / git / HTML / CSS

EDUCATION

- Computer Engineering 2016 ~ Dec 2022
Bachelor Degree - Universidade Positivo
- Mechatronics 2012 ~ 2015
Technician Degree - Ensitec

LANGUAGES
